

INVEST IN ILIJAŠ MUNICIPALITY

Ilijaš is your new investment destination in the Sarajevo Canton with appreciable potential and competitive business costs

The geographic position of the Ilijaš Municipality in the immediate vicinity of Sarajevo, capital of Bosnia and Herzegovina (BiH), is exceptionally favorable.

The Ilijaš Municipality is situated in the Bosnia River Valley and along the major transportation corridor Vc linking the north of BiH with the Adriatic, at the crossroads of the Sarajevo – Tuzla trunk road and regional roads, close to the Sarajevo International Airport and on the railway line with three industrial tracks, all of which allows fast delivery of goods and services from Ilijaš to regional markets and beyond.

Position of the Ilijaš Municipality on the map of BiH

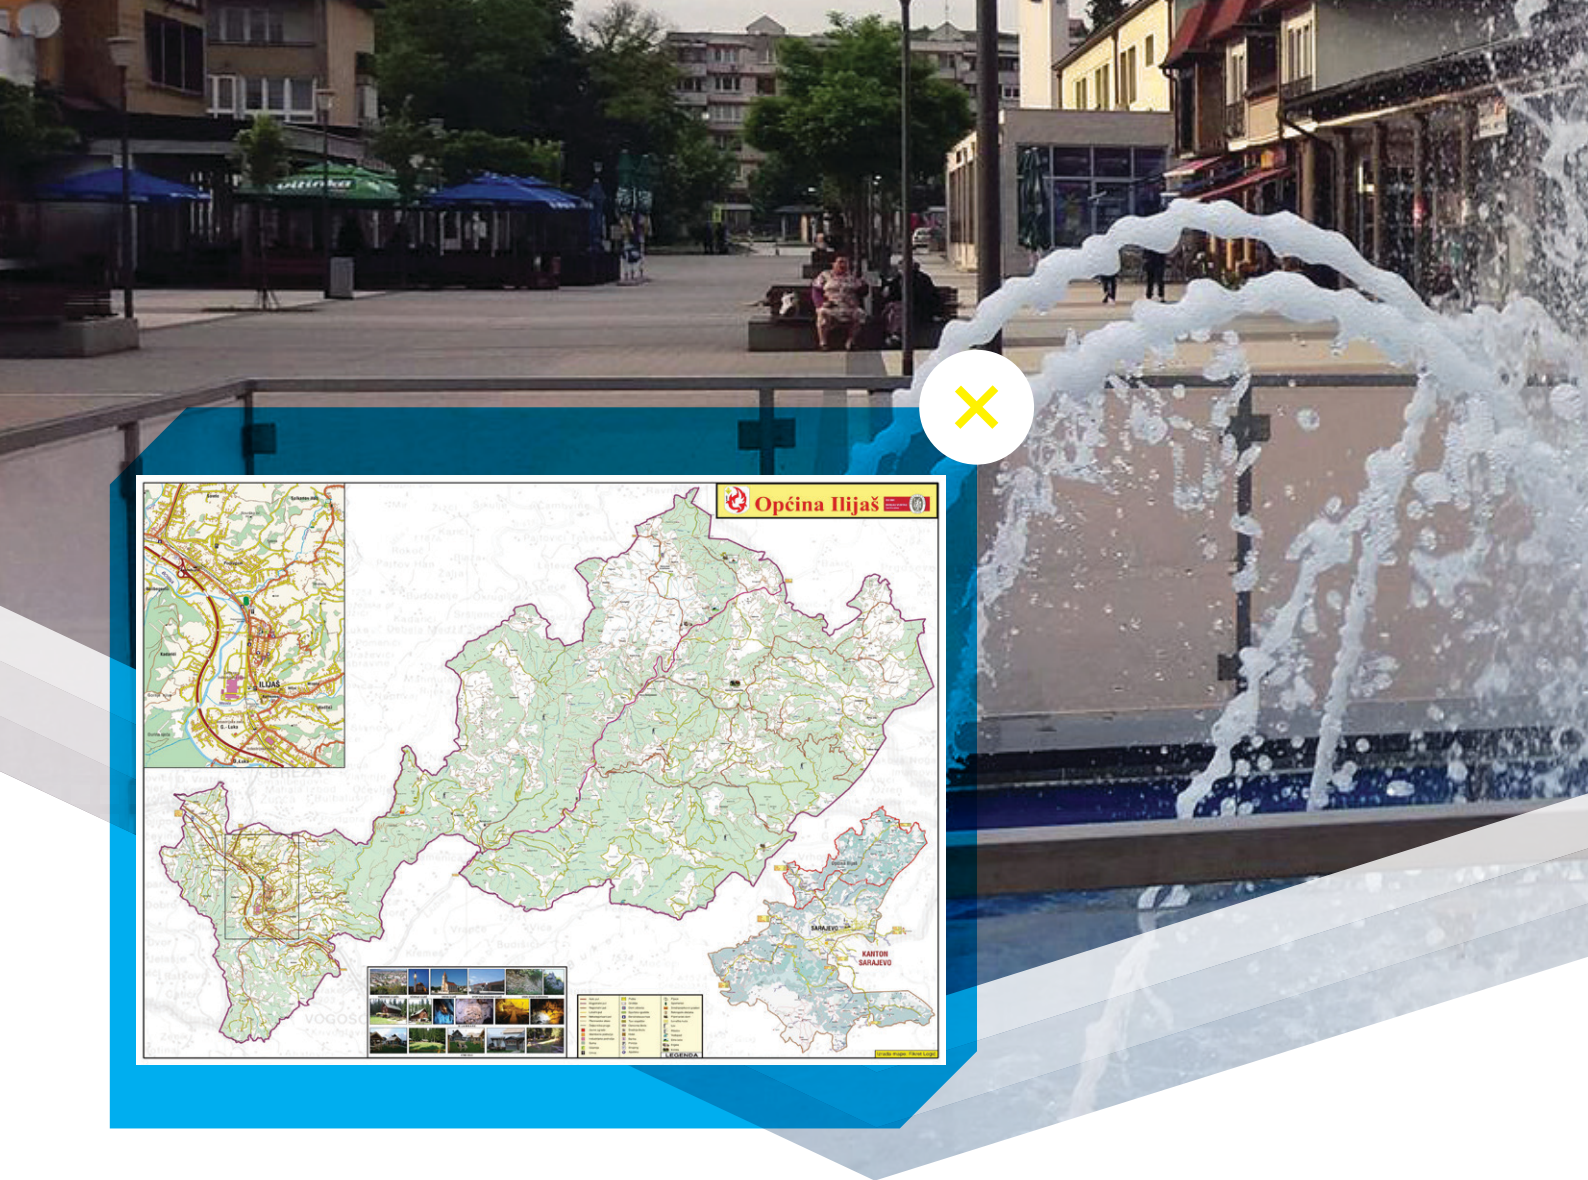

Position of Bosnia and Herzegovina on the map of Europe

ILIJAS MUNICIPALITY – A NEW INVESTMENT DESTINATION IN THE SARAJEVO CANTON!

- The Ilijaš Municipality achieved a fast growth by providing investment opportunities for small and medium enterprises in a range of sectors on exceptionally attractive sites for both greenfield investments (Luka Industrial Zone, with surface area of 16.6 hectares) and brownfield investments (two industrial zones and a selection of existing sites).
- The Ilijaš Municipality offers investors experience and tradition as a basis for application of modern technologies and development of new products in metallurgy, metal and wood industries, rich forests and first-rate, price-competitive work force trained in vocational schools and at universities in the Sarajevo Canton and beyond.
- Continuous growth and development of agriculture create potentials for investment in food and beverage industries, with prospects for direct placement on the markets of the Sarajevo macro-region and beyond.
- The Ilijaš Municipality is also your new tourist destination, with the Bijambare Protected Area and the necropolis sites with rare medieval tombstones of Koposici - Old Dubrovnik Town ruins and Mramorje.
- The Ilijaš Municipality collaborates closely with and promotes the private sector growth, creates new opportunities and realizes potentials. Through the Business Environment Reform Project, we in the Ilijaš Municipality cut the time and business costs for companies and the private sector, strengthened the Business Council and set up an aftercare program for companies. To help you invest, we shall appoint a contact person who will provide all necessary information and provide assistance in the implementation of your future investment in the Ilijaš Municipality.

ILIJAS MUNICIPALITY IDENTITY CARD

- Altitude: 450-1,200 m
- Population: 20,504
- Topography: low-lying, rolling and high-lying terrain
- Climate: continental climate up to 600m altitude, mountain climate above 600m altitude
- Time zone: GMT + 1

ILIJAS MUNICIPALITY – A DESTINATION WITH AN EXCEPTIONALLY PROMISING GEOGRAPHIC POSITION AND EASY ACCESS TO THE MARKETS OF EU, CENTRAL AND EASTERN EUROPE, TURKEY AND MIDDLE EAST

- The Ilijaš Municipality is situated in the central part of Bosnia and Herzegovina, 19 km from the Sarajevo Airport and lying directly on the Vc Corridor, which represents the main regional transport corridor connecting Budapest (Hungary) – Osijek (Croatia) – Sarajevo (BiH) and Ploče (Croatia).
- The Municipality is traversed by the Sarajevo – Tuzla trunk road and Bosanski Šamac – Sarajevo – Ploče railway corridor, with a cargo terminal at Podlugovi. Three industrial railway tracks are located in the Municipality: Željezara Industrial Zone and two oil depots in Misoča and Podlugovi. Such a location of the Ilijaš Municipality allows for fast delivery of goods and services within BiH, to regional markets and beyond.

WE OFFER INVESTMENT OPPORTUNITIES IN VARIOUS SECTORS AND IN DIFFERENT TYPES OF ENTERPRISES, FROM MICROENTERPRISES TO LARGE COMPANIES

- The Ilijaš Municipality is a new opportunity for companies looking for a base from where to expand their operations. This is a new destination for investors seeking to invest in manufacturing, particularly metallurgy and metal, wood industry, food and beverages industry which rely on already considerable growth and development of agricultural production, as well as pharmaceutical industry and tourism.
- We provide land and buildings for both greenfield and brownfield investments in a municipality that belongs to the Sarajevo Canton, natural resources, industrial tradition, immediate access to regional markets, excellent transportation links, qualified and price-competitive work force, and effective local administration extending maximum support to investors.
- We offer opportunities to invest in existing subsectors that are complementary with business plans and activities of strategic partners in the Ilijaš Municipality, such as PREVENT d.d. in the metallurgy and metal industry, or STANDARD FURNITURE FACTORY d.d. in the wood sector, and in the food and beverages sector which is the fast-growing sector in the Ilijaš Municipality.

Metallurgy and metal industry

- The metallurgy and metal industry, which accounts for nearly 56% of total revenues of the Ilijaš Municipality, and which boasts of rich industrial heritage, offers possibilities for investment in subsectors that draw on modern technologies and experienced work force.
- Availability of required quantities and power levels of electric energy makes the Ilijaš Municipality extraordinarily suitable for new investment in the metallurgy and metal industry. Construction of a new transformer station – Ilijaš TS 110/10(20) kV within the compound of the Željezara Ilijaš site is underway, with an estimated total investment of 4 million BAM.
- **Most developed existing subsectors** of the metallurgy and metal industry in the Ilijaš Municipality include: moulding of castings, manufacturing of parts for auto industry – mainly components for braking systems, manufacturing of cables, manufacturing of seats for slow-moving vehicles (tractors, construction machines), manufacturing of metal constructions and sheets (for use in construction), collection, sorting and pressing of recovered metallic raw materials.

Most prominent companies:

- **“Željezara” d.d. Ilijaš – Prevent FAD** – A total investment of at least 40 million BAM, over 250 jobs with a tendency to add more jobs as output expands. Produces braking disks for Volkswagen.
- **FRIMECO d.o.o. Ilijaš** – Frimeco manufactures one of the basic components for assembling brakes in the auto industry, its output is 100% exported to the markets of Europe, Asia and America. In the last five years, its total production was around 4,500 tons annually. 60 employees.
- **AMA ADRIATIC d.o.o. Ilijaš** – Member of the Italian AMA Group, which is a leader in manufacturing of parts, equipment and components for slow-moving machinery. The company manufactures hydraulic cylinders and seats for heavy machinery and assembles power cables for heavy machinery. 60 employees. Over 80 employees.
- **SACOM d.o.o. Ilijaš** – Manufacture and installation of horizontal and vertical traffic signs and road safety fencing; manufacture, installation and distribution of other road equipment. A holder of the CE marking. 30 employees.
- **Other companies:** MELTAL d.o.o. Ilijaš, C.I.B.O.S d.o.o. Ilijaš, EZIO INOX d.o.o. Ilijaš, TRANZITEXPORT d.o.o. Ilijaš, SCHIEDEL d.o.o. Ilijaš, Ahsun Sirovina Commerce. LIMSAR d.o.o., Vogošća.

Wood industry

- Large potential for development of wood industry in the Ilijaš Municipality relies on forest land area and forests covering a total of 17,141 hectares, of which 4,250 hectares of privately owned forests.

DESCRIPTION	TOTAL	CONIFEROUS	DECIDUOUS
Annual cut of public forests in the Ilijaš Municipality in 2015	55,197 m ³	51,375 m ³	3,822 m ³
Estimated volume reserve of large wood mass – as public-owned resource, excluding forests subject to exploitation restrictions	3,044,480 m ³	2,275,410 m ³	769,070 m ³
Annual volume increase of public forests, excluding forests subject to exploitation restrictions	72,155 m ³	58,165 m ³	13,990 m ³
Total estimated reserves of forests subject to exploitation restrictions at the time of arrangement	389,168 m³ with volume increase of 8,932 m³		

- The most developed existing subsectors in the wood sector in the Ilijaš Municipality are: manufacturing of furniture, manufacturing of timber – sawmills, seasoning of timber assortments, manufacturing of wooden floor covers and wood joinery products.

Major companies in the sector:

- STANDARD FURNITURE FACTORY d.d. Ilijaš** - The largest company in the Ilijaš Municipality. A regional leader in manufacture of dining-room furniture with total export orientation towards the markets of Germany, Austria, Belgium, Netherlands, Slovenia and Croatia. 800 employees. Around 750 employees.
- XYLON CORPORATION d.o.o. Ilijaš** - Manufacture of top-quality solid wooden floors. Ranked among the leading producers and exporters of floor coverings in Southeastern Europe. 90% of total output is exported, with the bulk going to the European Union market. Member of the International PLENA Group since 2007. 275 employees.
- KALEA d.o.o. Ilijaš** - Manufactures over fifty models of upholstered products, and panel furniture custom made for final buyers. 170 employees. 245 employees.
- Other companies in the sector:** WOOD TEAM d.o.o. Ilijaš, BIOENERGY d.o.o. Ilijaš, ŽUČE d.o.o. Ilijaš.

Agricultural production and food processing industry

- At the time of growing demand for healthy foods on the food product markets, the Ilijaš Municipality offers investors significant potential for development of agricultural production in the healthy natural environment, in particular for greenhouse cultivation, growing of buckwheat and medicinal herbs along with parallel development of food and beverage industry.
- In the Ilijaš Municipality there are around 750 registered farms, which constitute the backbone of future development of agriculture and processing industry.

OWNERSHIP	PLOWLANDS AND GARDENS (in hectares)	ORCHARDS (in hectares)	GRASSLANDS (in hectares)	PASTURELANDS (in hectares)
Private	3,217.61	350.98	5,418.57	2,650.95
Public	169.61	10.78	123.53	900.97
Total	3,387.22	361.76	5,542.10	3,551.92

- Competitive advantages** for investment in agriculture and food-processing industry:
 - Satisfactory size of the market of the Sarajevo macro-region and its environs, constituting an area with over 1,000,000 inhabitants in the immediate vicinity of Ilijaš (Sarajevo Canton, Zenica-Doboj Canton, Central Bosnia Canton, neighboring Republika Srpska municipalities).
 - Pollution-free soil, particularly in the areas of Nišići Plateau, Bijambare, Gajevi and Podlipnik, with surrounding villages.
 - Potential to harvest medicinal and aromatic herbs in a classic fashion, as it is still predominantly collected after growing wild in unpolluted ecosystems.

Major companies in the sector:

- HALILOVIĆ d.o.o. Ilijaš** - Intensive cultivation of medicinal herbs in the Nišići Plateau, with chamomile cultivated on 4 hectares. Own warehousing, processing, packing, extraction and distillation facilities for medicinal and aromatic herbs.
- MINI PANI d.o.o. Ilijaš** - Production and distribution of deep frozen pastries as part of a franchise system. 6 employees.
- KONDISA d.o.o. Ilijaš** - Confectionery products, bakery products. Exports to Croatia, Serbia, Kosovo, Macedonia and Montenegro. 16 employees.
- EKO ARHAZ** - Business activity of a physical person, production and processing of healthy food. Owns an orchard, a plant for processing fruit, vegetables and cereals, and a cold storage facility with 300t capacity.
- INVESTOR d.o.o. Ilijaš** - Greenhouse cultivation and processing of finished agricultural products. **BH Food** is a part of this company and own brand focusing on cultivation and manufacture of top-quality spices and salads.
- Other companies in the sector:** The farm in Bioča – production of consumable eggs; a company from the Visoko Municipality with greenhouses in Ilijaš; Ribarič Farm – egg production for K Plus store brand; Tref – a company under construction for fattening broiler chickens, capacity 10,000 chickens.

Tourism

The Ilijaš Municipality has outstanding protected natural landscapes and cultural heritage suitable for development of tourism. Tourists can visit:

- Bijambare Protected Natural Landscape, offering areas covered in coniferous forests and nature walking trails. The Bijambare Cave is a special attraction, with the total length of 420 m and four major corridors whose width reaches up to 60 m and which are over 30 m high in places. The cave is decorated by a rich variation of speleothems, including stalactites, stalagmites, curtains, rimstone pools and columns. It is populated by a colony of bats, by crickets and other animal species. Link: <http://www.zppks.ba/bijambare>
- The Koposići - ruins of Old Dubrovnik Town necropolis with medieval tombstones ("stećak"), and the Mramorje nekropolis moved to the vicinity of Bijambare.
- Zvijezda and Ozren mountains, as well as the Čemerska Mountain, rich in their resplendent natural beauty, in abundant plant, animal and fungal life and the site of a unique ecoclimate.
- Podlipnik area, with the wealth of fungi and insufficiently explored source of thermal mineral water.
- Rich hunting grounds for boar hunting.
- Skakavac Waterfall, link: <http://www.zppks.ba/skakavac>
- Sports facilities for fitness training for sports teams.

Using the online tool "BH Itinerary", developed with the financial support of the U.S. Embassy, you can research the mapped itinerary connecting the Bijambare Cave – medieval tombstones necropolis – ruins of Old Dubrovnik Town. The link: <http://bh-itinerary.com/opcine-opstine/op%C4%87ina-ilija%C5%A1.html>

More information about national monuments, events and tourist potential of the Ilijaš Municipality is found in the "Turizam plus" series, also developed with the financial support of the U.S. Embassy in cooperation with the ROTOR. The link: <https://www.youtube.com/watch?v=SazeFSLkItM&app=desktop>

Business opportunities in the tourism sector:

- There is considerable potential for development of adrenaline tourism, hunting and fishing, speleology, cycling, mountaineering and alpinism, and collecting of herbs and mushrooms.
- The municipality is at the service of potential investors to identify the site for investment and to gather required project and urban planning documentation.

Other sectors of the economy

Energy

- The energy sector provides long-term investment potential – the Ilijaš Municipality possesses sufficient hydropower and solar potential for construction of three mini hydropower plants and for construction of solar mini power plants in the area of the Nišići Plateau. Over the coming medium-term period, working jointly with the responsible institutions, we intend to thoroughly explore real potentials by developing appropriate studies, which will be followed by preparation of required urban planning documents.

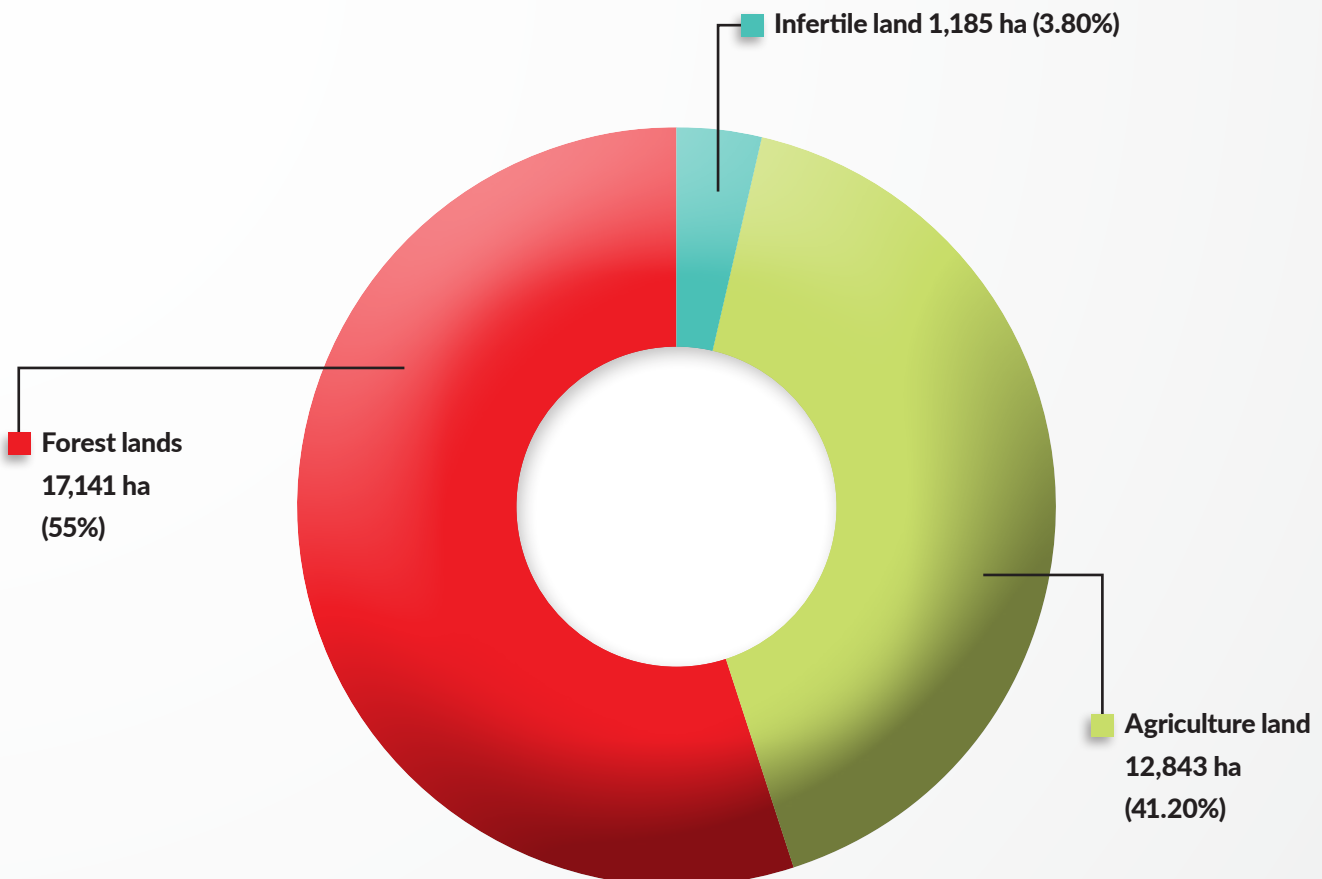

Other industries

- Development of existing industries allows for fast growth and development of other industries, such as construction, transportation, warehousing and other specific services that rely on dynamic investment activities in the Ilijaš Municipality.
- **Leading companies:** IMTEC d.o.o. Ilijaš – trading (IT); LSP – Logistical Service Provider d.o.o. Ilijaš – transportation and logistics services; LEDER PLAST d.o.o. Ilijaš – footwear manufacturing, trade; OR FAFS – footwear manufacturing; LIVI d.o.o. Sarajevo Ilijaš – production of items for personal and home hygiene (detergents, soaps); LAMERS d.o.o. Sarajevo – production of cardboard packaging and various paper based products; CloudIT d.o.o., Sarajevo – database administration, documents archiving and paper recycling.
 - **Construction:** FAZUM GRADNJA d.o.o. Ilijaš; HALILOVIĆ d.o.o. Ilijaš; CITAR PRODUKT d.o.o. Ilijaš.
 - **Transportation:** MUHIĆ TRANS d.o.o. Ilijaš; HAJDAREVIĆ TRANSPORT d.o.o. Ilijaš.

ABUNDANCE OF NATURAL RESOURCES

Land (agriculture land, construction land)

- Total surface area of land in the Ilijaš Municipality is **31,169 hectares**.
- Total current surface area of construction land, according to adopted zoning plans is **405.72 hectares**.

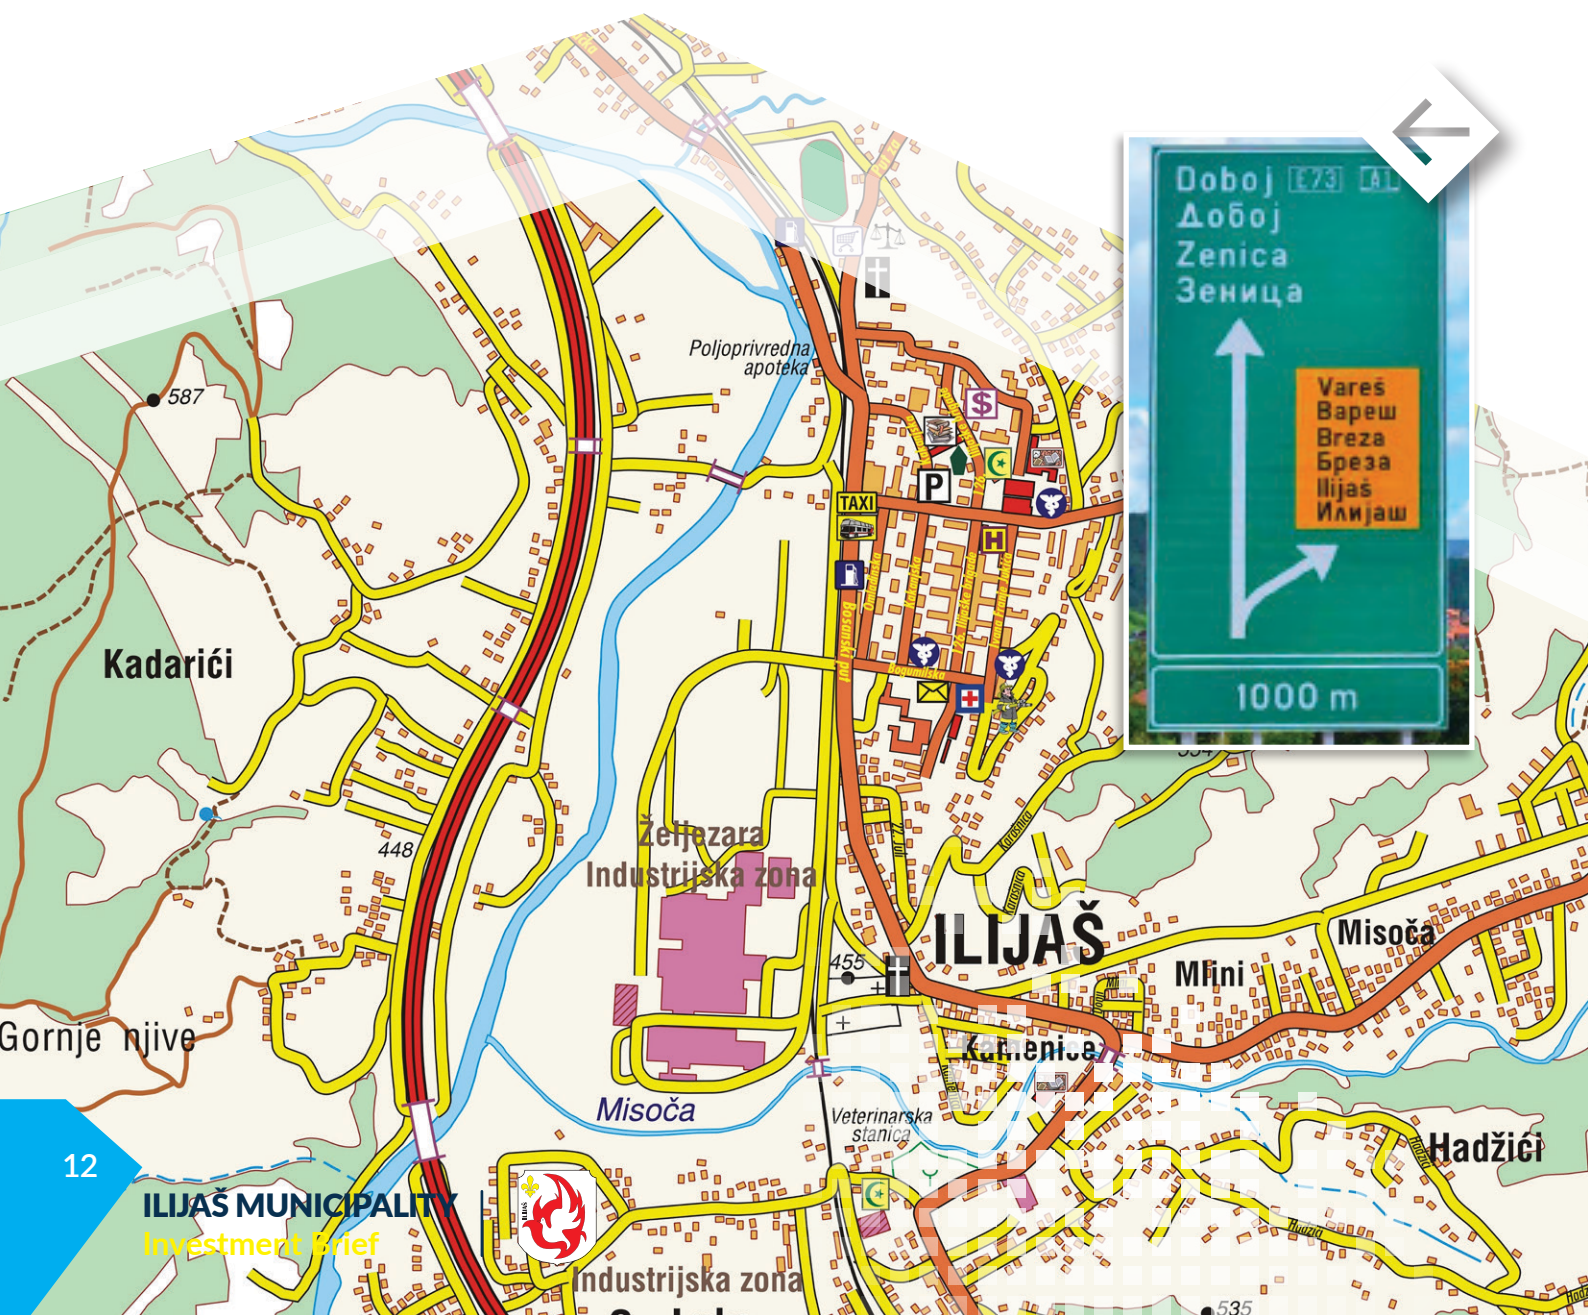

Mineral resources

- Multiple sites rich in mineral raw materials are located in the Municipality, including:
 - » Manganese deposits in Čevljanovići
 - » Limestone deposits in Gajevi – Vrela
 - » Shale rock deposits in Misoča
 - » Quartz deposits in Podrol and Čevljanovići
 - » Mercury deposits in the area of Srednje – Draževići

ATTRACTIVE INVESTMENT SITES WITH COMPETITIVE COSTS

- » The Luka Industrial Zone is available for greenfield investments in the Ilijaš Municipality, with surface area of 16.6 hectares and 15 to 20 lots, which may be merged at need.
- **The following sites are also available to investors:**
 - » Two privately owned brownfield industrial zones, Željezara and PDI Bosna/CIPI
 - » Misoča terminals and ASI Servicing Complex

TRAINED AND SKILLED WORK FORCE ADAPTABLE TO EMPLOYERS' NEEDS

Educational institutions

- Ilijaš Secondary School Center provides the following types of education: general secondary school (with a new curriculum of IT gymnasium), mechanical engineering school, mechanical engineering vocational school, trades vocational school and service trade vocational school. The link: <http://www.scilijas.com.ba>
- Secondary schools in the Sarajevo Canton – for details please follow the link below: <http://portal.skola.ba/start/%C5%A0kole/Srednje%C5%A1kole/tabid/58/Default.aspx>
- Sarajevo University – The Sarajevo University is an institution composed of thirty organizational units – twenty-five university departments and academies and five institutes internally organized into six groups of sciences/arts covering social sciences, humanities, medical sciences, technical, mathematical and biotechnical sciences, and arts. The link: www.unsa.ba
- Zenica University – Within the Zenica University there are seven university departments – organizational units, and one university department as an associate member. The link: <http://unze.ba/>
- To ensure work force availability for companies, we continuously support education of young and promising students from the Ilijaš Municipality.

WE IMPLEMENT REFORMS TO IMPROVE BUSINESS ENVIRONMENT FOR INVESTORS

We cooperate closely with investors to support development, create new opportunities and realize potentials.

- In the procedure of issuance of building permit, the Ilijaš Municipality on behalf of an investor collects required documentation from relevant institutions and public enterprises in the municipality, Sarajevo Canton and Federation of BiH.
- The Ilijaš Municipality considerably reduced the time and cut costs for issuance of permits and compiling documentation for the business sector and citizens in the municipality.
- To increase transparency of the administration, the Ilijaš Municipality established the electronic registry of permits and electronic registry of investor incentives in the municipality. The link: <http://www.ilijas.ba>
- To monitor the processing of applications to the Ilijaš Municipality, the municipality developed a system of electronic file tracking “Web File Tracking” (the link: http://www.ilijas.ba/index.php?option=com_content&view=article&id=2125&Itemid=110i) and the “SMS File Tracking” (the link: http://www.ilijas.ba/SMS_StatusPredmeta.html) which allow to beneficiaries of municipal services to directly check online the status of their application.
- The Ilijaš Municipality provides a comprehensive support to all investors in implementation of their planned investments through appointed contact persons, and through a multidisciplinary team which is prepared to supply investors with all necessary information to simplify and fast track implementation of planned investments.
- The Ilijaš Municipality provides the investor aftercare for both domestic and foreign investors, through the Collaborative Network, which brings together institutions from all levels of government in BiH.
- The Ilijaš Municipality established a business accelerator at the Sarajevo Regional Development Agency (SERDA), whose services are available free of charge to all investors in the Ilijaš Municipality, and appointed a dedicated SME clerk to provide support to fast-growing small and medium enterprises. The website with database of all small and medium enterprises in Bosnia and Herzegovina was created as a part of the EU Small and Medium Enterprise Support Project. The link: <http://msp.ba>.
- The Municipality of Ilijaš launched a Business Center in KSC Ilijaš facility that hosts various business events and educations. The office of Financial-intelligence Agency (FIA) was open in the Business Center, enabling submission of semi-annual and annual financial reports, purchase of fees and bills of exchange, and ordering of various analyzes of companies' business activities in the Federation of BiH.

COMPETITIVE COSTS OF PROCUREMENT OF PERMITS FOR THE CONSTRUCTION PROCESS

- In the process of implementation of an investment, the Ilijaš Municipality is responsible solely for issuance of the following permits:

- Urban permit
- Construction permit
- Use permit

The department in charge of issuance of the above permits is the Permit Division, Urban Planning and Environmental Protection Department, contact phone: +387 33 580 661, e-mail: prostorno@ilijas.ba.

The application forms with detailed information on the above permits can be collected at the Municipal Info Desk, obtained directly from the responsible department or downloaded electronically from the requirements registry on the website <http://www.ilijas.ba>

No.	TYPE OF PERMIT	ISSUANCE TIME	COST
1.	Urban permit	15 days	Fee : 34 BAM The fee for document that approves construction of a building: for farming structures – 2 BAM, for other structures – 3 BAM. The fee for application for issuing a construction permit: 0.5‰ (per thousand) of the building's value, maximum 150 BAM. The fee for verification of technical documentation: 0.5‰ (per thousand) of the building's investment value, maximum 100 BAM.
2.	Construction permit	7 days	Charge: 1. For the right to use construction land (rent): 8-48 BAM per 1 m ² , across six different zones. For production facilities, the rent is discounted at 20%. 2. For development of construction land: 40-120 BAM per 1 m ² , across six different zones. 3. The charge for construction and maintenance of public shelters: 1% of the total value of the construction segment of the building and internal installations.
3.	Use permit	30 days	Fees (2 fees): The decision fee: 8 BAM. The fee to request technical inspection of the building: 1‰ (per thousand) of the value of the building established in the technical documentation used to obtain the construction permit, maximum 150 BAM. The charge for Commission for Technical Acceptance of Facility: 60-500 BAM per committee member, depending on the type of the building.

Utility costs

Water

Description	Measurement unit	Price in BAM, including VAT and associated water charges
Water prices with draining of waste water for legal persons – companies	m ³	3.25 BAM

*Note: The price includes: the water usage charge of 0.10 BAM/m³ and the water protection charge of 0.40 BAM/m³, which are VAT-exempt.
There is also a fixed part of the price of water - a lump sum per site of measurement, 5.00 BAM per month.*

Waste disposal

Category – regular disposal for business purposes	Measurement unit	Price
Business premises, catering and trade	Per m ² of surface area	1.2820 BAM/m ² + VAT
Business premises for other activities		0.90 BAM/m ² + VAT
Administrative facilities		0.20 BAM/m ² + VAT

Note: The above utilities' prices are general in nature. Utilities' prices for the select location should be checked on the basis of the project's specific requirements. Above operational costs may be used for preliminary cost estimates. Prices are derived from pricing lists of utilities' providers and constitute averages relative to possible specific technical variations.

Energy – electricity and gas

Detailed information on the pricing of electricity (tariff, price per 1 kWh, tariff classes, seasons, higher/lower daily tariff rates) are available on website of the Energy Regulatory Commission of the BiH Federation. The link is: www.ferk.ba.

The average electricity price for non-households (economy) in the first half of 2018 is 13.30 BAM/100kWh

Natural gas

Large companies: 0.872 BAM/m³

Small businesses: 0.883 BAM/m³

Data source: Agency for Statistics of BiH, Report: Prices of electrical energy and natural gas, December 6, 2018

The electricity price in BiH for non-households (economy) is among the lowest in Europe (in the first half of 2018 is 0.06 EUR/1kWh).

Fixed and mobile telephony, broad band internet

A variety of user packages from several telecom operators is available on the market, link:

<https://www.bhtelecom.ba/poslovniki-korisnici.html>

“Around 20 million EUR was invested in the „Željezara“. We developed project design for three production lines. A vertical line was assembled and activated, another horizontal line is in the assembly stage and its completion is planned for end-2016, while the installation of the third line will depend on the condition and the state of the market. We were well-received at the Ilijaš Municipality and our cooperation with the Mayor resulted in the restarting of the „Željezara“, that is evidence that quality investments could be made in BiH.”

Amel Ćatić, M. Tech. Sc., CEO, Željezara „Ilijaš“ d.d. Ilijaš

“At present we employ 750 people in Ilijaš, with 1,000 employees in the entire group. The „Standard“ furniture company is also based in Leskovac (Serbia), in Germany and in Sarajevo. The advantage of Ilijaš is an excellent cooperation with the municipal mayor and his administration.”

Damir Muhić, CEO, STANDARD FURNITURE FACTORY d.d.
